

1/4" [6MM]
PORCELAIN SLABS

CANCOS
TILE & STONE

LOOKING FOR A SEAMLESS MONOLITHIC AESTHETIC?

6MM HARD ROCK SLABS ARE THE ANSWER FOR YOU!

HRS is a series of 6mm thick panels; where most panel sizes are 48"x110" or larger.

DESIGN

These panels are specifically designed with larger format panels in mind, which means the imagery is proportionate to the end panel size. Whether the design is marble, concrete, metal, or solid in effect, all the patterns are created in hi-definition; there is **no pixelation** in the patterning. Additionally, most designs use **many faces**, anywhere from 4-11 unique patterns; distinct repetition is never an issue.

BENEFITS

HRS product benefits including **durability**, **mold proof**, **water** and moisture proof, UV resistant, heat and frost resistance, stainproof, chemical resistant, scratch and impact resistant, and safe with food make these thinner larger panels capable of being utilized for more than just floor and wall coverings.

NATURAL

All the substrates used to make porcelain are resin free. Clay, kaolinite, feldspar, silica, and other minerals are all substances found in nature.

HYGIENIC

Suitable for contact with food due to their almost zero absorption rate. Plus, our HRS are NSF certified.

EASY CLEANING

Most dirt easily removed with hot water and a cloth. Use neutral cleaners when necessary.

INDOOR/OUTDOOR

Because of all the properties of porcelain slabs, they are suitable for any indoor or outdoor kitchen, both residential or commercial.

UV RESISTANT

Pigments in porcelains are permanently stabilized by their baking process and will not change in direct sunlight.

FROST RESISTANT

Porcelains average water absorption is .1%. Impervious to water and freezing, they are perfect for outdoor use!

SCRATCH RESISTANT

Their extremely hard surfaces make them exceptionally resistant to both scratches and deep abrasion.

HEAT RESISTANT

Porcelain surface does not burn or get damaged with hot pots.

CHEMICAL RESISTANT

Can easily be cleaned with hot water and neutral cleaners. Porcelains resist chemicals, acids, bases organic and solvents.

WATERPROOF

With absorption nearly zero, porcelains are both water and liquid resistant.

MOLD PROOF

Due to almost zero absorption, porcelains are mold, mildew, and fungus resistant. There is no surface area to inhibit their spores and allow growth.

STAIN PROOF

Wine, oil, coffee, sauces, lemons, vinegar, and other detergents will not affect these porcelain surfaces.

FIRE PROOF

Porcelains have a non-combustible surface. They will not burn or produce smoke and any toxic fumes.

THERMAL SHOCK PROOF

Due to porcelains high technical performance, these counters can withstand hot and cold temperature fluxations. Hot pots are not a problem, using them outdoors is fine, and ice cannot damage the surface either.

CLASSIC STONE Calacatta Lincoln

48" x 110" x 1/4" | Polished | 5 faces | HRFCSLN1/4L

CLASSIC STONE Calacatta White

48" x 110" x 1/4" | Polished | 5 faces | HRFCSCW1/4L

CLASSIC STONE Calacatta Light

48" x 110" x 1/4" | Polished | 5 faces | HRFCST1/4L

CLASSIC STONE Calacatta Gold

48" x 110" x 1/4" | Polished | 5 faces | HRFCSCG1/4L

CLASSIC STONE Carrara

48" x 110" x 1/4" | Polished | 5 faces | HRFCSR1/4L

CLASSIC STONE Statuario Extra

48" x 110" x 1/4" | Polished | 5 faces + 2 book-matched faces | HRFCSST1/4L

CLASSIC STONE Fiore d' Bosco

48" x 110" x 1/4" | Polished | 5 faces | HRFCSF1/4L

CLASSIC STONE Onice White

48" x 110" x 1/4" | Polished | 6 faces | HRFCSOW1/4L

CLASSIC STONE Sahara Noir

48" x 110" x 1/4" | Polished | 6 faces | HRFCSSN1/4L

CLASSIC CONCRETE Jordan

48" x 110" x 1/4" | Matte | 6 faces | HRFCCJO1/4

CLASSIC CONCRETE Hood

48" x 110" x 1/4" | Matte | 6 faces | HRFCCCHO1/4

CLASSIC CONCRETE Tabor

48" x 110" x 1/4" | Matte | 6 faces | HRFCCTA1/4

CLASSIC METAL Corten

48" x 110" x 1/4" | Matte | 6 faces | HRFCMCO1/4
